

INTERNATIONAL REFRACTIVE USER SYMPOSIUM

DATE: SATURDAY, MARCH 21, 2009 (RECEPTION 8.30)

VENUE: SHERATON HONG KONG, 20 NATHAN ROAD, KOWLOON

AGENDA:

9.00	WELCOME Tobias Damm, PhD, Carl Zeiss Meditec Germany The unique technology of the VisuMax platform Dirk Muehlhoff, PhD, CZM Germany
09:30	SESSION 1: CUSTOMIZED REFRACTIVE LASER TREATMENTS Chairman: Patrick Versace, MD Clinical outcome of astigmatic correction with excimer laser MEL 80 Patrick Versace, MD, Australia Topography guided refractive surgery: For the sins of our past Dr. Ruben, Philippines My outstanding results in topography guided correction and its clinical applications Burjor Banaji, MD, India The ablation depth comparison between MEL80 & Wavelight Eye-Q Wang Zheng, MD, China
10:30	COFFEE BREAK (15 MIN.) Evolving presbyopia alternatives Rupal Shah, MD, India A scientific perspective on age-optimized laser vision correction Hartmut Vogelsang, PhD, CZM Germany Panel Discussion: Future trends in age-optimized and customized treatments: Rupal Shah, Burjor Banaji, Ekket Chansue
11:30	SESSION 2: FEMTOSECOND LASER SURGERY Chairman: Donald Tan, MD Clinical report VisuMax in China XingTao Zhou, MD, China Setting up a Refractive Centre - My experience Khairidzan Kamal, MD & Prof Muhaya Mohamad, MD, Malaysia
12:30 – 14:00	LUNCH Early results of the 1000 cases of sub-Bowman LASIK using VisuMax for Asian eyes Tomoaki Nakamura, MD, Japan Clinical comparison results between VisuMax and Intralase & reproducibility of flap thickness with VisuMax fs laser & it's clinical results Jong Ho Lee, MD, Korea Clinical results of the VisuMax femtosecond laser in Australia Iain Dunlop, MD, Australia
14:45	SESSION 3: FUTURE TRENDS IN REFRACTIVE LASER SURGERY Chairman: Osama Ibrahim, MD VisuMax fs laser clinical results: Reproducibility of flap thickness & accuracy of flap centration E.S. Chung, MD, Korea Introduction to the new VisuMax Keratoplasty application, Ronald Wendenburg PhD, CZM Germany VisuMax : Accuracy never seen before Donald Tan, MD, Singapore
15:30	COFFEE BREAK (25 MIN. INCL. GROUP PHOTO) Clinical experience with Keratoplasties with Visumax Osama Ibrahim, MD, Egypt FLEX-A new paradigm for refractive surgery Rupal Shah, MD, India Panel Discussion: Future trends in femtosecond applications Rupal Shah, Donald Tan, Patrick Versace, E.S. Chung
19:00	DINNER (DRESS CODE: BUSINESS CASUAL)
